Find A Psychologist Program

On OPA's website, www.opa.org, we have a section called "Find a Psychologist". This section of the site is a place for consumers to find listings of licensed psychologists that are OPA members. This optional program is offered at no charge to members who meet the criteria listed below. The following information is listed on the "Find a Psychologist" section of the site: your name, address, phone, types of clients served, languages spoken (other than English), and practice focus areas and state/year licensed. This information will be in a separate area of the site that is accessible to the public.

This service is available only to the following OPA members: professional licensed members or licensed psychologist associate members who maintain professional liability insurance; or psychologist residents who maintain professional liability insurance, have a residency contract approved by the Oregon Board of Psychologist Examiners (OBPE), and whose supervisor is an OPA member in good standing. OPA reserves the right to remove anyone from this area of the site at any time, for any reason.

I want to be listed in the optional "Find a Psychologist" section of the website and meet the criteria.

OPA Membership Information On The Website

OPA's membership information is published on OPA's website, www.opa.org. The information is found on a section of the site that is passcode protected for member's use only. The directory is a tool members can use to find and network with other OPA members. OPA will put certain information from this application onto the site.

Recruitment Information

The following OPA member recruited me for membership in OPA (optional):

OPA retains a Director of Professional Affairs to work on its behalf. Did this factor into your decision to join the association? Yes No
